Re: 48-86 Tabor Drive, Branford, Connecticut

Dear Messrs. Perrotti and Santa Barbara:

The selectmen have determined that the Town of Branford should acquire the parcel of land that you own on Tabor Drive. Fuss & O'Neill, environmental consultants to the Town in connection with the adjacent landfill, have advised us that there may be environmental contamination on your parcel; and I believe that the Town should investigate, remediate the Tabor Drive parcel, if necessary, and use the property in a manner compatible to its condition.

Please contact my assistant, Trista Clyne, at 488-8494, extension 120, to make an appointment so that we may sit down and discuss the acquisition and possible early access to your parcel.

Thank you for your anticipated cooperation.

Very truly yours,

Anthony J. DaRos
First Selectman
